# SIAM and IMA Student Chapters

## What is it?

A student chapter resides at one or more colleges or universities, and ideally involves students and faculty members from different departments. The purpose of a chapter is to generate interest in applied mathematics and computational science by providing students opportunities to:

- Share ideas and enthusiasm with fellow students and faculty from any relevant department on campus;
- Explore career opportunities;
- Make contacts that will last a lifetime;
- Develop leadership skills;
- And many many others...

# SIAM and IMA Student Chapters

## What is it?

Interdisciplinary participation by students from many departments on campus is extremely encouraged. Chapters include students from departments including math, applied math, mathematical sciences, statistics, computer science, engineering, economics, physics, and other sciences.

The activities of student chapters can include lunch discussions about career opportunities in applied math and computational science, lectures given by guest speakers, team projects such as undergraduate competitions, social functions, and field trips to industrial laboratories or section meetings.

# The University of Bath Student Chapter

## Who are we?

The elected committee for 2016-2018 is:

**Francisco de Melo Viríssimo**, *President*

**Adwaye Rambojun**, *Vice-President*

**Dan Green**, *Secretary*

**Ben Robinson**, *Treasurer*

**Amy Middleton**, *Social Secretary*

**Anna Senkevich**, *Media and Promotion*

# The University of Bath Student Chapter Activities.

As a chapter, we have been working on

**Undergraduate and Masters' events and activities:** e.g.  
'Meet a PhD student in Mathematics' (Nov 2016);

**Social activities:** social meetings at pubs in Bath (last one in Oct 2016);

**Postgraduate conferences:** attending and organizing.

Work in progress... (suggestions and new ideas are very welcome!)

# The University of Bath Student Chapter

## Upcoming events.

### 6th National Student Chapter Conference NUI Galway, Ireland - 26th of May, 2017

**Registrations are now open!**

# The University of Bath Student Chapter

## Upcoming events.

### 7th National Student Chapter Conference

University of Bath, UK - Date TBC

**More information will be available soon!**

# The University of Bath Student Chapter

## How to join?

The University of Bath Chapter of SIAM and IMA is open **all students** at the University of Bath.

As a member you can get **free membership** of SIAM and also of IMA (as an e-Student), with lots of benefits:

- Opportunities to network with people in your field;
- Career resources through online and paper subscriptions;
- Subscriptions to: SIAM news, SIAM review (online) and SIAM unwrapped, Mathematics Today magazine, e-Student IMA news;
- Discounts of 30% on SIAM books, journal content and archives and 85% for conferences;
- A chance to serve on a SIAM committee;
- And much more...
